LET YOUR VOICE BE HEARD

November 19, 2009 by cpehrson

The Grassroots Advocacy Partnership (GAP), initiated by the Utah Developmental Disability Council, is sponsoring a survey of the disability community to gather important data to use in making a case for the importance of disability services in the 2010 Utah Legislative Session.

The first link below on this blog is a survey directed primarily at people with disabilities and their families.

Survey for people, family members, and friends

The next link is a survey directed primarily at professionals and /or volunteers.

Survey for professionals and volunteers

You are welcome to take both. The surveys will officially close on Sunday, November 29, 2009 and the data will be available on the Utah Developmental Disabilities Council website after December 1, 2009.

This grassroots effort will help people tell their stories and educate policy makers and the community as a whole about the issues that impact the lives of people living with disabilities.

Thank you for letting your voice be heard and for making a difference!
